Short and Fat, Long and Slim

OR EXTRA LARGE MEN

Can be fitted and suited here. We have Suits made for the "hard to fits" and we fit them. Many stout and slim men, who have given up trying to buy clothes ready made, come here and find exactly what they want. Now, Sir, if you are an extra tall, short or fat man come and see what we can do for YOU. We'll surprise you with the clothes—possibly more with the prices—for, being abnormal in shape, you've had to pay a penalty to your tailor. We do away with that and charge you no more than we do the ordinary built man. The styles of stuffs are always neat in stouts and slims.

SUITS AND JACKETS

A GREAT REDUCTION.

It may be poor judgment to buy so many Suits and Jackets that a loss should be taken so early in the season. Our poor judgment brings you good luck when you can buy Suits and Jackets at the following prices.

LADIES' TAILORED SUITS.

Fifty Tailored Suits in brown, blue and black, mostly blacks, that have been our best sellers at \$14.00, \$15.00, \$17.00 and \$18.00, go into this sale at \$7.98 each.

Ten Tailored Suits These are the newest and best novelties of this season, worth today \$25.00 and \$30.00. These go into this reduction sale at \$17.98 each.

LADIES' JACKETS.

Twenty-five Jackets, the latest for young ladies and misses. They come in tan and castor, with collar or collarless, with narrow or wide capes, as follows: \$3.75 Coat for \$2.49, \$8.50 Coat for \$4.98 and \$12.00 Coat for \$7.98.

The above prices may seem ridiculous so early in the season. The goods are here as advertised.

The Style of a "Dorothy Dodd"

Let us assume that your Shoes fit you. Now what next? What is most important? Unquestionably style. Demand that a Shoe shall possess style. If it has style and little else, you want it. If it has not style, but everything else, you don't want it. The Style of a "Dorothy Dodd" is unique. It cannot be duplicated by any other maker, because the "Dorothy Dodd" is a totally different construction from any other ladies' Shoe made. It holds the foot firmly at the waist—that's the instep—and prevents the toes from slipping forward, thus giving a correct poise in walking. Yet it makes the foot look nearly a

whole size smaller. That's curious, and you won't believe it till you see it. Just for once try the Style of a "Dorothy Dodd." Sincerely yours,
